

KINGDOM JUBILEE ALLIANCE

Kingdom Jubilee Platform

Kingdom Jubilee Alliance embraces our nation's 50th Anniversary as an Independent Nation

As our Jubilee Moment is a divine moment for National Reform and Reset. The restoration of our Founding Father's ideals and values in the crafting of these islands, rocks and cays

A Nation with an abiding respect for the rule of Law. A sovereign democratic nation based on Christian Values and the Supremacy of God

KJA believes that this moment, the celebrations of our Golden Jubilee, summons all Bahamians to once again participate in the rebuilding of our walls and national institutions so that the reality of our Father's dreams and vision can be the experiences of emerging generations. See how the World Marks The Manner of our Bearing.

Ultimately, it is the responsibility of a new generation of Bahamians to keep marching until the road we trod leads unto our God.

KJA is council-driven and summons the collective to bring their gifts and graces and together shape our national course, consistent with what was entrusted to us by the Founding Fathers.

In that day. I will restore the hearts of the Father to the Children and the Children to the Father's Keep Vision as it can remain.
